

President's Welcome

The 21st century requires children to acquire knowledge from all resources available to them. For this, a strong foundation has to be developed from the very beginning. The Guru- Shishya tradition has demonstrated that a good education is a learning partnership between student and teacher. It is when they co-create, that they enjoy this whole process and imbibe knowledge for life.

Starting out with just one school, RSST has evolved to encompass a gamut of institutions that range from kindergarten to post graduation, from Dentistry to Nursing, Physiotherapy to Engineering, and Teachers Training to Management.

I can really say that each one of these institutions has given us enough insightful experience in enhancing the teacher and student relationship - making it possible for us to lay a strong foundation for the students of RV Public School.

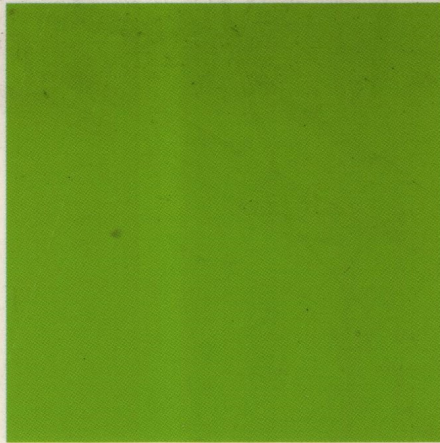

It is in practice that there has to be a strong interface between the management, the teachers and the parents in preparing the young ones for life's journey - the very purpose of education. We seek your collaboration and involvement for the development of the RV Public School and the very promising student.

I am very glad that you have chosen the RV Public School to mould your child to fit into today's world.

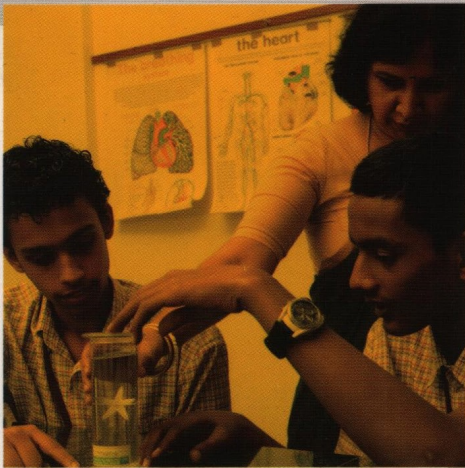

Dr. M K Panduranga Setty,
President, RSST

A Public School from RV Educational Institutions

Rashtreeya Sikshana Samithi Trust (RSST)

Rashtreeya Sikshana Samithi Trust (RSST) was established by Sri M.C. Sivananda Sarma in 1940 when education was a privilege in pre-independent India. The mission of the Founder was to "Impart Quality Education to all Sections of the Society". Sri M.C. Sivananda Sarma, an educationalist joined hands with other philanthropists to pull this movement forward. Today, seven decades later, RSST through the (Rashtreeya Vidyalaya) R.V. Institutions, is at the forefront amongst providers of quality education in the state of Karnataka.

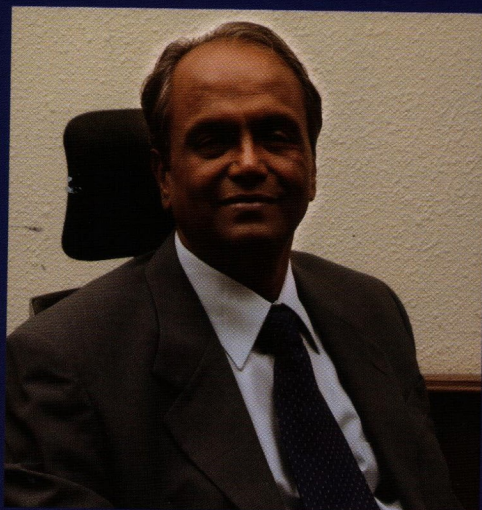

With single-minded commitment, the Trust and its institutions are growing at a pace which is awe-inspiring. Each institution today boasts of the best infrastructure and is the first choice of every discerning parent, due to its academic reach and quality of education.

In today's global context, the brand 'RV' immediately brings to one's mind a class of young achievers in enterprise, information technology, industry and research; thanks mainly to the excellent

credentials of its flagship institution, R.V. College of Engineering (RVCE).

Global recognition of RSST's initiatives has provided impetus to modernise itself, expand the existing institutions, and explore newer frontiers of knowledge for the benefit of society. True to its mission for "Excellence in Education with Societal Commitment", the Trust has worked towards building an equitable society by spreading education across all sections of society with a special emphasis on opportunities for the challenged, disabled and economically weak. Commendable success notwithstanding, its commitments are increasing.

This sustained success is scripted by a focused leadership of the RSST board which includes eminent people from different vocations; a mix of young and old, academics and industry representatives, who together have an unstinted commitment to meet the goals laid out by the founders.

Message from Chairman

It gives me great pleasure to present to you the newly renovated RV Public School.

The new campus reflects the RSST'S commitment to keep our system of education relevant to the need of the times.

This new campus provides our students with the infrastructure and the ideal environment to learn, play, interact and hone their inherent talent and creativity. It is our endeavour to groom them into fine young individuals, who can help shape a better world.

I am confident that our passionate, dedicated and well trained staff will inculcate a sense of curiosity in every student to explore the path of knowledge and self awareness. In fact, it is our mission to help each student at the school reach their full potential and equip them to face the ever-growing challenges of a globally competitive environment.

On behalf of the RV public school I welcome you to visit and explore our new campus.

Mr. M.K.Dattaraj
Chairman

Message from Principal

RV Public School since its inception in the year 2003 has been moving forward with 'diligence' and 'determination', as per our motto.

Our institution invests in every aspect of a child's development, be it providing knowledge, physical fitness, or social skills.

Shaping balanced individuals takes a skilled and intuitive sculptor and we strive to be that artisan of your child.

Our school is well equipped with interactive audio-visual technology, a full-fledged computer and science laboratory, an attractive reading and learning environment, and a dining hall.

We have a child-friendly playground; the most important tool in their physical development.

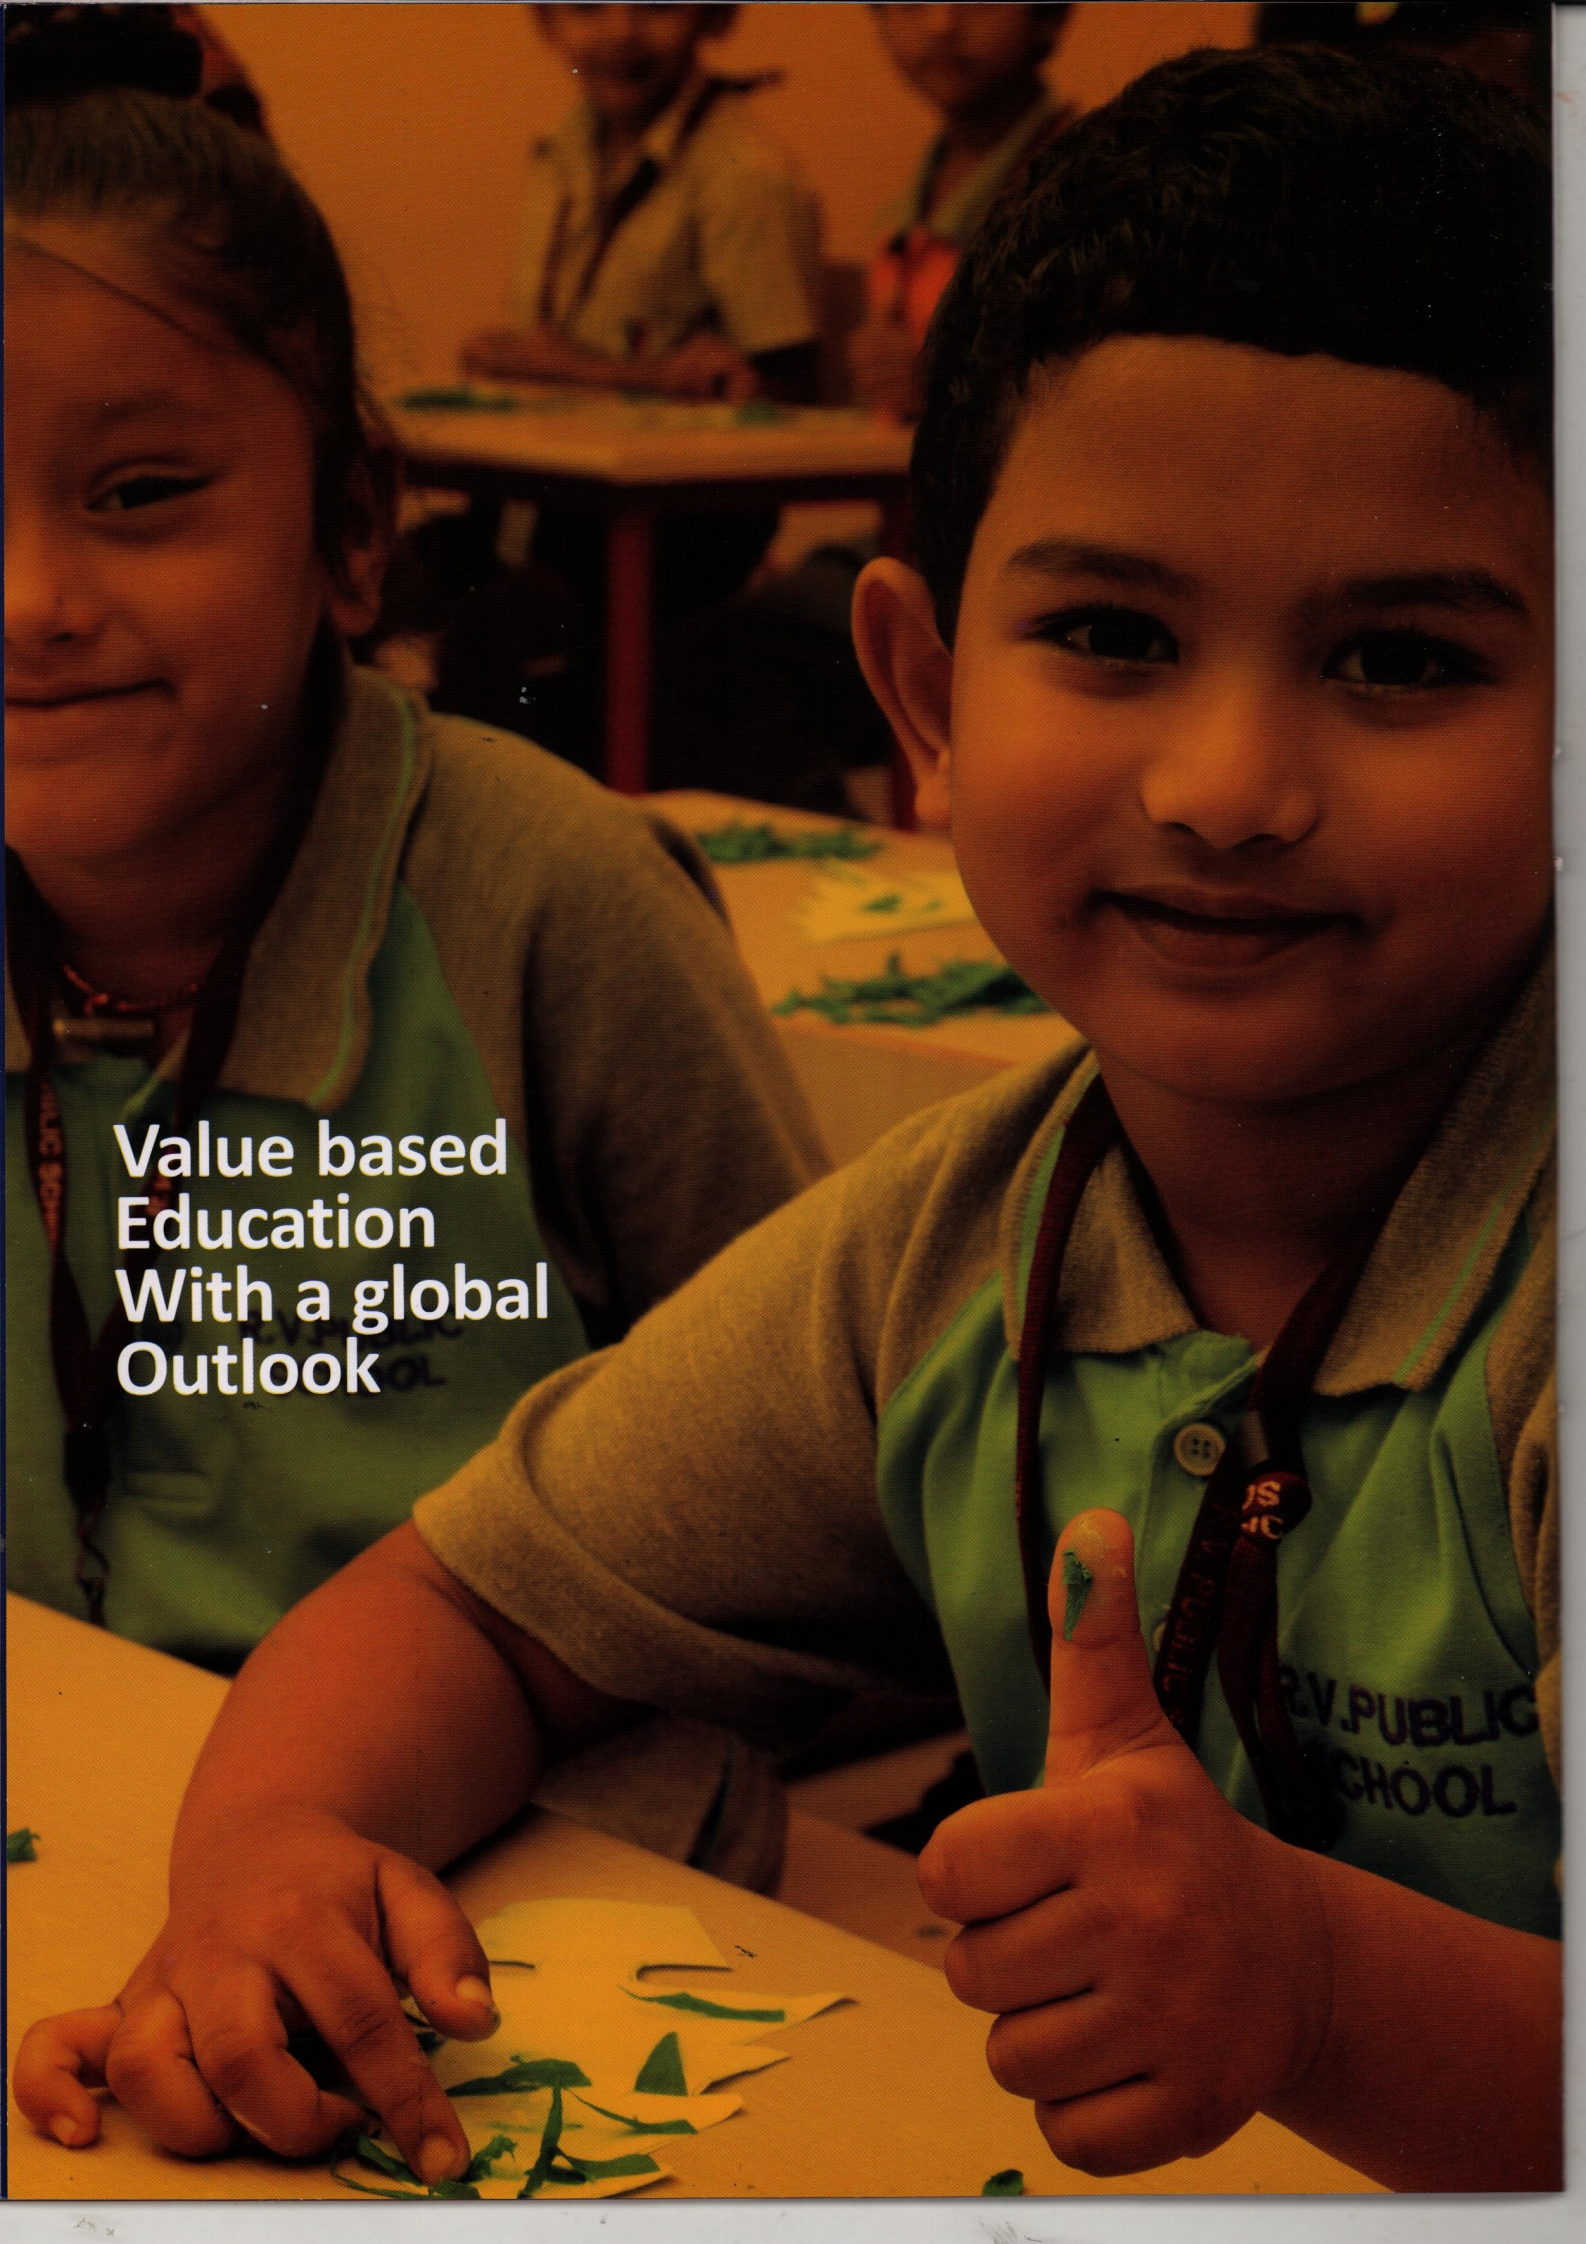

RV takes careful measures to make achievers out of our children.

Providing a friendly ambience and making learning stress free is our goal.

Rome was not built in a day, but, it was the result of a vision and co-operative work. Similarly, we all at R.V.Public School will work together with a focused mind to elevate our school to the highest echelons in the field of education.

I would like to end with a quote from Abraham Lincoln "The philosophy of a school room in our generation will be the philosophy of a government in the next.

Ms. Sarah Abraham,
Principal

A photograph of two young children in a classroom setting. The child in the foreground, a boy, is smiling and giving a thumbs up. He is wearing a green polo shirt with a grey collar and a dark lanyard. The text "R.V. PUBLIC SCHOOL" is visible on his shirt. He has green paint on his thumb. The child in the background, a girl, is also smiling and looking towards the camera. She is wearing a similar green polo shirt. They are sitting at a table with some green leaves or paper scraps on it. The background shows other children and tables, slightly out of focus.

**Value based
Education
With a global
Outlook**

Holistic learning

RV Public School continues the fine tradition of education of RSST (24 stellar educational institutions across engineering, health sciences, humanities, science and commerce).

The school believes in creating well balanced individuals by encouraging them to excel in the curriculum, while promoting all round growth through sports, music, art and other activities essential to the holistic development of the child.

A campus fit for Your child's growth

Set in a modern 2-acre campus, the school offers a peaceful and positive environment that will foster the child's natural desire to learn; develop their curiosity, character and skills; and enable them to work for themselves and others with intelligence and creativity.

Beyond just 100% results

The school has been performing consistently well in academics with a 100% track record. However, a great education is often more than just a report card. Hence, the school has proactively built a new campus that makes learning and growing a joy. The whole learning ecosystem has been thoughtfully designed and executed.

Smart learning, Bright futures

RV Public School prepares your child to be world ready. Learning is made fun with state-of-the-art infrastructure; IT-enabled smart classrooms, audio-visual rooms, computer labs and a well-stocked library. The application of good classroom teaching practices and IT supported learning, ensure that our children are easily able to grasp complex concepts. It is well accepted that retention of information through this type of learning is better than that of the conventional rote learning.

The task of the modern educator is not to cut down jungles, but to irrigate deserts

C.S. Lewis

Personalised Attention

RV Public School enjoys one of the best teacher to student ratios in the city. This ensures that children's strengths and areas of development are given due attention and no child is left straggling. This extra attention **helps unlock the genius hidden in every child.**

Teachers who Inspire learning

FACULTY

Good Teachers = Good School

We believe that our teachers are the backbone of the school.

Our teachers:

- a. Subject matter experts
- b. High energy and enthusiasm
- c. Role Models
- d. Caring attitude
- e. Good classroom management skills
- f. Desire to make a positive difference in young lives

Our teachers gently encourage students to learn through experience and experimentation, setting them off on a journey of discovery in everything they do. We have a stringent and rigorous process for the recruitment of our teachers.

Facilities

Our state-of-the-art facilities help stimulate critical faculties like curiosity and creativity. They also equip students to take advantage of all the new opportunities that are emerging in today's world.

Curriculum

OUR SCHOOL IS
AFFILIATED TO THE COUNCIL OF
INDIAN SCHOOL CERTIFICATE
EXAMINATION (CISCE)

CISCE has a well balanced system of education with equal focus on language, arts, and science.

The Ethos of the Council

- Trust and fair play
- Needs of the children
- Freedom to experiment with new ideas and practices
- Diversity and plurality
- Excellence
- Spiritual and cultural values
- Indian values and national pride
- Sensitive to national aspiration

CISCE has a well balanced system of education with equal focus on language, arts, and science.

The School offers the ICSE syllabus from Kindergarten to class 10.

Due to the emphasis laid on English, students have an advantage in English language testing exams such as TOEFL and IELTS.

Taking sports seriously

RV Public School strongly believes it is imperative for school children to have access to sports and games. This is because sports empowers children by improving their self-esteem, instilling a sense of healthy competition and fair play.

RV Public School has a large play ground, equipped with facilities to play different games such as cricket, basket ball and volley ball.

Extracurricular activities

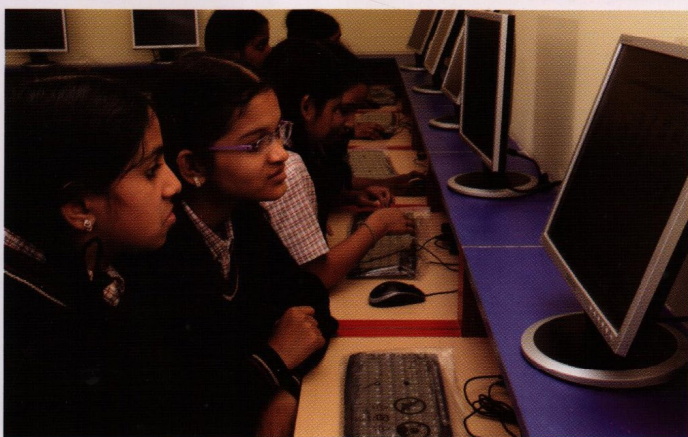

The school provides opportunities for extracurricular activities such as dance, drama, music, painting and quiz for the child's all-round development.

Infrastructure

- Spacious and well ventilated class rooms with edu-smart technology
- Well-equipped laboratories
- Computer lab with internet facilities
- Large play ground
- Auditorium
- Digitized library with separate zones for primary, middle and senior school
- Multiple sports facilities with experienced coaches
- Indoor sports area with gym

The changes that are sweeping across the world have brought new challenges to our country and have meant that schools have become ever more important in educating our children to cope with the increasing momentum of change.

RV Public School recognises the need to mould our young generation to the new realities of the world. We know that, if they are to succeed, students will have to be equipped with a pride in themselves and will also need the skills and adaptability to function as global citizens.

When educating the minds of our youth, we must not forget to educate their hearts.

Dalai Lama

Objectives of the school

We believe that all students have unique talents, whether in academics, sports, communication, technology, art, craft or drama; every child is special. Our mission is to recognise and enhance each individual's special talents and never to reject any child. The RV learning experience helps every child to succeed. Our teaching methodology ensures that students are being exposed to a holistic education experience in an active and dynamic learning environment, giving them the opportunity to identify and realise their potential, and to achieve excellence.

Our Motto

Moving ahead with "Diligence and Determination" is the driving force for us. Diligence is often defined as the 'constant and earnest effort to accomplish what is undertaken'; in our case the management and teaching staff is constantly and earnestly working towards accomplishing our goal 'building the leaders of tomorrow.' 'Determination' is the essential ingredient for whoever wishes to have 'success'. The determination to provide quality education to students and the determination to provide them with the best of opportunities have helped us and our children scale new heights.

*If the mind is intensely eager,
everything can be accomplished
- mountains can be crumbled into
atoms.*

Swami Vivekananda
